SPECIALISERET I HR OG IT-OUTSOURCING

Vi har en solid ballast inden for HR, både hvad angår rekruttering og personalepleje, og mange års erfaringer med it-outsourcing til destinationer som Pakistan, Indien, Vietnam, Østeuropa og ikke mindst Cairo. Samtidig kender vi de udfordringer, som europæiske virksomheder står over for, når de kæmper for at få deres it-udvikling til at fungere og skabe en skalerbar forretning.

Det har tilsammen givet os forudsætningerne for at skabe dét, vi i al beskedenhed mener, er det bedste it-outsourcing-koncept for europæiske virksomheder.

IT-OUTSOURCING MED DANSK TRYGHED

Vores mangeårige internationale HR-erfaringer, tværkulturelle indsigt og vores dybe kendskab til det egyptiske marked for it-folk – og til egyptisk kultur i det hele taget – gør os i stand til at finde de rette kandidater til enhver europæisk virksomhed.

Samtidig med at vi kan sikre jeres virksomhed et tæt og velfungerende samarbejde med de egyptiske it-udviklere, I vælger, at vi skal ansætte, så de bliver en naturlig, integreret del af jeres udviklingsteam.
